

**rac BLACK**  
Reduced Glare, More Spin, Great Look

FEATURES	ADVANTAGES	BENEFITS
Precisely milled grooves with no chrome plating	Perfect shaped grooves	Optimizes spin and distance control
Dual draft grooves	Creates a radiused groove edge	Gives player maximum spin
rac Technology	Feel pockets channel vibrations to key areas of the clubhead	Soft yet solid feel
New black finish	Diffuses light	Reduces glare

**FEEL POCKETS**  
Instead of vibrations moving to all parts of the clubhead, feel pockets channel vibrations to key areas of the clubhead giving it a soft yet solid feel.

**CROSS SECTION OF TM DUAL-DRAFT U-GROOVE**  
The groove edges are milled with dual drafts (A1 and A2) creating a radiused edge which will impart maximum spin. The lower part of the groove is designed with maximum volume to channel any debris.

**rac BLACK TECHNOLOGY**

## SPECIFICATIONS
