

DISTANCE COMES FROM SPEED

FEATURES	BENEFITS
A full 14 grams lighter than Burner '09	Lighter to promote faster clubhead speed to promote monstrous distance
Ultra-thin Wall Technology	Thin yet strong walls save weight to contribute to lighter overall club weight
Super-light 30-gram Winn grip (14 grams lighter than Burner 09 grip)	Contributes to the Burner SuperFast driver's incredibly light weight without sacrificing feel or traction
More aerodynamic head shape reduces drag	Promotes more ball speed for 1.5 yards more distance
Bigger, more expansive clubface	Easier to hit, confidence-building
Matrix Ozik X-Con 4.8 shaft	Lightweight and soft tip promotes faster swing speed, high launch-angle and high spin for long carry
