N

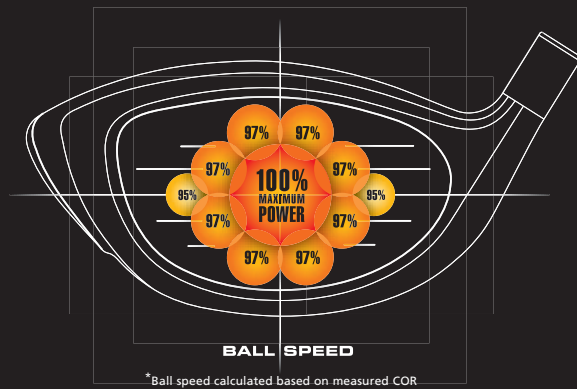

## r5 dual Driver

**Engineered to Deliver Extraordinary Forgiveness and Long, Straight Flight**

FEATURES	ADVANTAGES	BENEFITS
Widely spaced dual TaylorMade Launch Control cartridges; pre-configured and permanent	Positions the weight ideally so the player doesn't have to, promoting higher MOI and proper clubhead rotation	Increases forgiveness and promotes neutral, accurate ball flight
Matches r5 dual Type D for highest MOI of any TaylorMade driver	Outstanding forgiveness and stability	Remarkably long, straight results on off-center as well as center hits
Large, 450 cc clubhead	Large face with expanded hitting area; a substantial look at address	Promotes confidence, solid contact and consistently straighter shots
CG positioned deep in the clubhead and low	Promotes proper clubhead rotation for a square clubface at impact; makes it easier to launch the ball high	Neutral and controllable shot-shape; high, long-carrying trajectory
Classically shaped, tour-proven clubhead	Visually appealing to players that prefer a square look at address	Promotes added confidence
Inverted Cone Technology	Expanded COR zone	Greater ball velocity on off-center hits, resulting in consistently longer drives

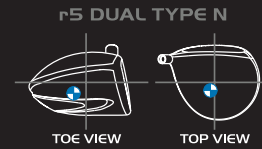

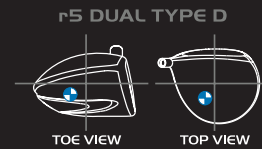

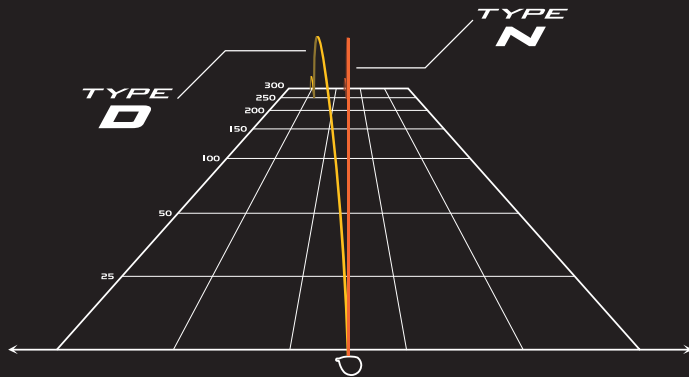

TECH INSIDER

\*Ball speed calculated based on measured COR

Minimal Power Loss on Off-Center Hits = Greater Distance

→ Super-sized 450 cc titanium clubhead and dual TLC cartridges boost MOI for remarkable forgiveness

⊕ = APPROXIMATE CG LOCATION
